Subject: FPM System Certification

Mistras - GMA-Werkstoffprüfung GmbH is granted approval to perform Nondestructive Test (NDT) inspection to the requirements of the Pratt & Whitney (P&W) NDT method specification(s) as outlined below:

System Certification

NDT Method(s):	FPM
NDT Method Code(s):	CFPM-4
Certification Date:	2026-03-16
NDT Appendix A Section:	Section II/ANDTSL
Comments/Restrictions:	Includes NDTIM program as alternate to AC-40

NDT System approval is based upon PWA method certification issued Sept 20, 2023, which included a review of applicable internal procedures and processes, closure of required gaps, and completion of Level 3 certification requirements.

P&W staff contacts are available to you and your team as an on-going resource. Our goal is to support your team by promoting best in class diligence, professionalism, and ethical practices in NDT. As a certified supplier your duties and responsibilities are driven from P&W specification requirements, as such please ensure all NDT systems, procedures, training, and processing are fully compliant with these latest requirements.
